

# WILLIAMSVILLE ART SOCIETY

## Fall Update 2015 from Sue Dewey

Dear Members,

After a summer of excellent outdoor artistic opportunities, I'd like to welcome you back to the Williamsville Art Society. It's hard to believe how quickly time passes. Membership Applications are being sent in this mailing as well as Prospectus information and Entry forms for the Holiday Show. I guess this is the push needed to get those paintings ready or to grab the camera for that perfect photo. The Holiday Show will be Sunday, November 8, 2015 at the Amherst Center for Senior Services.

Membership Applications are due September 30, 2015 and Show Entry Forms Friday, October 9, 2015. These forms go to two different people this year, so don't put them in the same envelope. Please read the forms carefully.

Our website [www.williamsvilleartsociety.org](http://www.williamsvilleartsociety.org) is an easy way to get Society information. All forms are available on the website. The schedule of demonstrators and monthly newsletters are also available on this site. We still have a Featured Artist section on our website and our Webmaster, Mary Billanti is awaiting your artwork for the world to see. Think about choosing this option when you renew your membership. Mary will contact you, and help to make your Featured Artist page a reality.

A printed roster of our membership will be available at the monthly meetings. If you would prefer a digital copy, let me know and I will email it to you.

Monthly demonstrations have been scheduled. We meet the second Friday of each month at the Harlem Road Community Center, 7-9 P.M. They include:

Sept 11 - Ellen Seinfeld – sculpture

Oct 9, - Sally Treanor – watercolor

Nov 13 - Francis Noonan – oil

Jan 8 - Bill McCullagh – acrylics

Feb 12 - Jane Foley Ferraro - acrylics

March 11 - Marcus Wise - photography

April 8 - Alison Kurek - mixed media

May 13 - TBA

Please join us Friday, September 11, 2015 for a visit with a most remarkable artist. Ellen Seinfeld is a sculptor of great magnitude. She was recently commissioned by Roswell Park Cancer Institute to create a sculpture as a tribute to the Ride for Roswell founder, Mitch Flynn. The sculpture was unveiled at Roswell earlier this June. Seinfeld's large scale public works can be found at numerous schools, hospitals, airports and stadiums, as well as museums and galleries throughout the US and Canada. Permanent collections that have acquired her works include the Albright-Knox Art Gallery, the Castellani Museum, and the Burchfield-Penney Museum.

Enjoy the last few days of the season. Fall seems to be creeping into the air.

Sue
